ELEVATING YOUR ORGANISATION WITH
AFFILIATE MEMBERSHIP

Support
the sector

Membership of UK Cyber Security Services enables you to support the Council's charitable activities and wider cyber sector.

Share your commitment to the profession by displaying your branding on our website, access exclusive events, working groups and research, promote your latest job vacancies and showcase your dedication to practicing ethically within the sector by signing our ethical declaration and sharing our guiding principles with your team.

If you enjoy what this package has to offer, why not have a look through our other membership packages, to find out how else you can get involved.

Benefits

We'll display your logo on our website to highlight your dedication to supporting the sector and the Council's charity work.

Log-in to your members only area to sign up to events, see exclusive research and publications, and look out for the latest opportunities to get involved in our work.

Sign up to our Ethical Declaration and we'll share our guiding principles so your team are informed and supported while they work.

Display our Ethics badge to show your commitment to adopting our best practice guidelines.

Advertise your vacancies directly to our registered professionals, plus we'll share these vacancies on our dedicated jobs bulletin.

We want to hear from you, so you'll be able to apply to join working groups and take part in discussions on the issues that are important to our industry.

You'll also get access to discounts for paid events and sponsorship opportunities including key conferences, webinars, roundtables and podcasts.

Be heard. Take part in surveys and consultations to steer our conversations with UK Government.

UK CYBER SECURITY SERVICES

Share
best practice

Additional Benefits

Promote your work online, in person, or through announcements. This could include a Breakfast Briefing, a webinar, or featuring in a newsletter, blog post, or article on our website.

Our Share package enables you to gain recognition for the work of your organisation and share with other members and the wider sector.

We want our members to be able to share best practice as well as their achievements within the cyber sector and to lead thoughtful conversations.

The Share package offers the opportunity to share best practice with us, members, and the wider sector, choosing from a variety of face to face or digital platforms.

You can lead the forum on a particular stream of the Council's work, and gain valuable insights in collaboration with us and benefit from joint promotion.

1 Sponsored Job per year – highlighted at the top of the Job Portal

This package also includes 1 sponsored job per year which will be promoted at the top of our job portal, meaning more visibility for those looking for their next career move, and more applications for you.
